EXPERIENTIAL LEARNING

Pacific World School is an institution aimed at creating a globe of learning for the students rather than aiming at classroom learning. It aims to create a learning curve which is not bound within the classrooms. The dictum of this school is to create global citizens who contribute their share in the society. With plush infrastructure and excellent use of technology, Pacific World School brings academic concepts to life with out-of-the-box experiential learning concepts.

Pacific World School encourages its students of mixed abilities to work together in small groups and participate in activities as an initiative towards giving a boost to their self-confidence, enhanced communication and critical thinking skills with an understanding that they will imbibe the best

qualities of the head and heart and learn to overcome life's myriad challenges. The school believes in a complete harmony between the mind, body and soul and for that Pacificans are not only attending classes for scholastic subjects but also for co-scholastic subjects such as Art, Dance, Music, Physical Education, Specialised Sports, Specialised Club Activities etc. across all levels.

For the learners of the Pre-Primary Classes, a multitude of age appropriate activities such as Storytelling, Salt Tracing, Collage Making, Circle Time, Making Sensory Stations, Finger Gymming, Origami Crafts, Bring and Brag, Digit Garland Making, Role Playing, Fireless Cooking etc were conducted to ensure a holistic development of all the five domains viz. Social, Emotional, Physical, Language and Cognitive.

On the other hand for learners of the Primary and Senior Classes various Discussions, Debates, Project Based Learning, Peer Teaching, PowerPoint Presentations, Role Playing Activities, Science and Mathematics Lab Activities, Model Making, Creative Writing Activities etc. were organised to ensure maximum learning outcome.
